

How to Catch a Phish

NAME _____

DATE _____

Directions

Read the phishing clues and use them to complete the activity below.

- **Sense of urgency:** When the sender says you only have a limited time to respond.
- **Spelling and grammar errors:** A real company does not send out messages with such errors.
- **Alert! Alert!:** The message sounds urgent, making you worry that something is wrong with your account.
- **"Friend" in trouble:** You see a photo of someone you know, but the message isn't really from them.
- **Shortened URL:** A web address that has been condensed and that could mislead a user into going into a risky website.
- **Too good to be true:** Identity thieves often offer easy chances to win free money or prizes.
- **Generic or missing greeting:** Real companies send messages that address customers by name.

Directions

Underline the phishing clues in the left-hand column and name them in the right-hand column.
